PROFESSIONAL PROFILE

Ms. Wallace is an Information Scientist in ToxStrategies' Health Sciences Practice. She has a background in health sciences and medical library science, including a Master of Science in Information Sciences and 10 years of experience as a medical and health sciences education librarian in support of clinical care. Her skill set includes developing and executing literature searches, designing information management protocols, and developing and implementing tutorials and curriculum. She has also prepared multiple manuscripts and conference posters. Ms. Wallace's expertise in library services spans both public and technical domains and educational programming for practicing health professionals, residents, and students.
