PROFESSIONAL PROFILE

Carrie Price is an Information Specialist/Research Librarian in ToxStrategies' Health Practice. She has extensive experience as a health sciences librarian in academic, hospital, and federal settings. Her skill set includes supporting comprehensive literature searching, collaborating on evidence synthesis projects, providing reference services, and instructing in best practices for searching and optimizing research workflows. She has been a co-author on over 50 systematic or scoping reviews and has supported the scholarly research needs of students, faculty, scientific staff, and healthcare providers. Ms. Price has also served as an information specialist for various national and international research groups. She is skilled in supporting all stages of the literature search workflow with tools such as DistillerSR, SysRev, bibliographic citation databases, clinical trial registries, EndNote, and more.

EDUCATION AND DEGREES EARNED

Master of Library Science (M.L.S.)
University of Maryland
College Park, MD

Bachelor of Science, Music (B.S.)
Towson University
Towson, MD

ADDITIONAL TRAINING

Medical Library Association: Continuing education in MEDLIB-ED (2024)

Towson University: 6 credits in graduate level instructional design coursework (2024)

University of Maryland: 13 credits in graduate level public health coursework (2022-2023)

CITI Program: Social and Behavioral Responsible Conduct of Research, Conflict of Interest, Institutional/Signatory Human Subject Research, CITI Program (2023)

University of Minnesota: Evidence Synthesis Institute (2022)

JB1: Comprehensive Systematic Review Training Program (2020)

Johns Hopkins Carey Business School: Executive Certificate in Business Communication (2018)

Johns Hopkins Bloomberg School of Public Health: Statistical Reasoning in Public Health I (2016)

Coursera: Various courses on clinical terminology, research design, statistics, and systematic reviews (2012-2020)

PROFESSIONAL ASSOCIATIONS

2012-2025 Medical Library Association

PEER REVIEWER

JB1 Evidence Synthesis

Journal of the Medical Library Association (JMLA)

Systematic Reviews

Research Synthesis Methods

BMJ Open

Journal of Medical Internet Research (JMIR)

Evidence-Based Library and Information Practice (EBLIP)

SELECTED PROFESSIONAL EXPERIENCE

Biomedical Librarian, Federal Health Agency Library

Supported scientific staff in research publications, literature reviews, evidence synthesis projects, medical reference, and bibliometrics/research impact. Developed objectives and performance indicators, and worked to ensure goals were met by deadline. Created training and instructional resources for a library training program.

Research Impact and Health Professions Librarian, University Library

Collaborated and consulted on literature review searching and methods, including systematic and scoping reviews. Developed curriculum and instruction in the realm of effective research, evidence-based practice, critical appraisal, scholarly communications, and information literacy. Promoted ethical best practices in faculty benchmarking, publishing, and promotion through a series of workshops and webinars in scholarly publishing, evidence synthesis, and research impact.

Clinical Informationist, University Medical Library

Supported clinical staff, faculty, fellows, and residents through reference, research, and instruction. Collaborated on quality improvement, evidence synthesis, and clinical practice guideline projects. Facilitated library research guides through needs analysis, content revision, and dissemination. Supported the instruction program with classes for expert searching and bibliometrics. Created research impact reports for researchers, departments, and divisions.
