PROFESSIONAL PROFILE

Carrie Price is an Information Specialist/Research Librarian. She has extensive experience as a health sciences librarian in academic, hospital, and federal settings. Her skill set includes developing reproducible, transparent, unbiased, and comprehensive literature searches, collaborating on evidence synthesis projects, providing information science reference services, and instructing in best practices for searching and optimizing research workflows. She has co-authored over 50 systematic or scoping reviews and has supported the scholarly research needs of students, faculty, scientific staff, and healthcare providers.

Ms. Price has also served as an information specialist for various national and international research groups. She is an active member of the Medical Library Association. She is skilled in supporting all stages of the literature search workflow with systematic review tools, literature analysis tools, bibliographic citation databases, clinical trial registries, citation management, and more.

AREAS OF EXPERTISE

Ms. Price has been working in evidence synthesis methodologies for over a dozen years, as a co-author, a methodologies consultant, and trainer. She is an expert in comprehensive literature searching, as well as literature review reporting and conduct. She has co-authored approximately 50 published manuscripts since 2020, with 92 research products throughout her career. She currently conducts active research in her field around peer review and research integrity. Her specialties include:

- Bibliographic Database Searching
- Citation Management
- Evidence Synthesis
- Information Architecture
- Literature Reviews
- Review Software
- Technical Editing

EDUCATION AND DEGREES EARNED

Master of Library Science (M.L.S.)
University of Maryland, College Park, MD

Bachelor of Science, Music (B.S.)
Towson University, Towson, MD

ADDITIONAL TRAINING

Association for Information Science & Technology: Artificial Intelligence & Libraries Certificate

Medical Library Association: Continuing education in MEDLIB-ED (2024)

Towson University: 6 credits in graduate level instructional design coursework (2024)

University of Maryland: 13 credits in graduate level public health coursework (2022-2023)

CITI Program: Social and Behavioral Responsible Conduct of Research, Conflict of Interest, Institutional/Signatory Human Subject Research, CITI Program (2023)

University of Minnesota: Evidence Synthesis Institute (2022)

JB1: Comprehensive Systematic Review Training Program (2020)

Johns Hopkins Carey Business School: Executive Certificate in Business Communication (2018)

Johns Hopkins Bloomberg School of Public Health: Statistical Reasoning in Public Health I (2016)

Coursera: Various courses on clinical terminology, research design, statistics, and systematic reviews (2012-2020)

PROFESSIONAL ASSOCIATIONS

2012-2026 Medical Library Association

2026 Association for Information Science and Technology (ASIS&T)

PEER REVIEWER

BMJ

BMJ Open

Evidence-Based Library and Information Practice (EBLIP)

JB1 Evidence Synthesis

Journal of Medical Internet Research (JMIR)

Journal of the Medical Library Association (JMLA)

Research Synthesis Methods

Systematic Reviews

SELECTED PROFESSIONAL EXPERIENCE

Biomedical Librarian, Federal Health Agency Library

Supported scientific staff with research publications, literature reviews, evidence synthesis projects, medical reference, and bibliometrics/research impact. Developed objectives and performance indicators and worked to ensure goals were met by deadline. Created training and instructional resources for a library training program.

Research Impact and Health Professions Librarian, University Library

Collaborated and consulted on literature review searching and methods, including systematic and scoping reviews. Developed curriculum and instruction for effective research, evidence-based practice, critical appraisal, scholarly communications, and information literacy. Promoted ethical best practices in faculty benchmarking, publishing, and promotion through a series of workshops and webinars in scholarly publishing, evidence synthesis, and research impact.

Clinical Informationist, Hospital and University Medical Library

Supported clinical staff, faculty, fellows, and residents through reference, research, and instruction. Collaborated on quality improvement, evidence synthesis, and clinical practice guideline projects. Facilitated library research guides through needs analysis, content revision, and dissemination. Supported the instruction program with classes for expert searching and bibliometrics. Created research impact reports for researchers, departments, and divisions
